

Thames Valley District School Board

Summerside Public School is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

Safe and Inclusive School Plan

Ensuring Positive Learning Environments

This year we are focusing on building relationships among and between staff, students and the community.

We are doing this to build a safe, inclusive and accepting school culture in a new building and to foster social emotional learning.

Throughout the year, we will be:

1. Building communication between the school and parents/guardians.
2. Cultivating restorative practices to build a sense of understanding.
3. Teaching students skills of self-awareness and self-management. Helping them understand why.

Community/Home Connections

Ask your child about what makes them a good friend.

Being a new school, building home connections is important. What can you do to help those who are having a challenging day? How can we effectively explain why.

Check out this resource [School Mental Health Ontario](#) about social emotional skills that allow us to be successful at home.
